

Fish TV Pro Fishing Seminars

GROWING UP FISHING

Presented by: MIKE & AUGUST MILLER

Mike Miller's love for fishing started at a young age. Like most anglers, conservation was a value instilled in him by his parents and mentors and is still a big part of his passion. Mike won his first competitive tournament at 21 and has many first place finishes to his credit. In 2011, Mike joined the award-winning Angler & Hunter Television show as host and executive producer and has produced hundreds of exciting show that showcase Canada's great fishing and hunting.

Mike is also the proud dad of 2 girls, and his youngest daughter, August, has been his fishing and hunting partner since she was 4 yrs. old. August has traveled the globe with her dad on some amazing adventures! She likes to fish both competitively and recreationally, and loves to share her stories about growing up fishing.
